NIJDAM RENTAL.

With over 125 years of experience, we at Nijdam know ice skates like no other. Our extensive experience and close collaboration with industry leaders, has allowed us to develop a rental skate range that meets the unique demands of ice rinks. At an ice rink – where many different skaters come and go – you need ice skates that are tough, durable, comfortable and easy for everyone to use. Nijdam's rental range offers you a complete solution, covering everything from ice skates to spare parts. With a wide range of products readily available, we can ensure fast delivery thanks to our large stock.

WHAT YOU CAN EXPECT:

- From the littlest ice skaters to adults, we offer ice skates for everyone.
- A complete range of skates: figure skates, speed skates, ice hockey skates and bob skates.
- Durable and comfortable ice skates designed to withstand extensive and rough use.
- Double sizes (e.g. 39/40) to optimize inventory management.
- Smart features: left/right and size indicators on the back of the skate. Most skates have 3 size indicators located in different places, so they are always easy to spot regardless how they're stored.
- Spare parts available all year round.
- Safety gear including helmets, protector sets and gloves.
- Additional merchandise to gain extra revenue.
- Bold red Nijdam colour; keeps your skates recognizable on and around the ice, so they don't accidentally go home with someone.
- Outstanding service from our enthusiastic and experienced sales team.
- A proven commercial ice skate assortment available for ice rinks with a shop.

WE ARE NIJDAM.

WE ARE NIJDAM!

Nijdam was founded in 1896 and initially started as a small-scale, family-run business. Starting with wooden, buckle-on ice skates, Nijdam grew exponentially during the 60's and 70's while manufacturing different models of ice skates. Since Schreuders Sport International took over Nijdam in the 90's, they gradually expanded the collection. We included inline skates, skateboards, (stunt)scooters, protective gear and much more to ensure all-year fun!

At Nijdam, we're all about bringing the skate life to everyone, no matter your age or skill level. Our mission is to inspire skaters of all levels, from beginners to advanced, young and old. We want to make everyone feel welcome, regardless of their skill level or background.

WHY NIJDAM?

With Nijdam's rental range, we offer not just our expertise but also convenience, providing comprehensive solutions for your ice rink. With decades of experience and close collaboration with industry leaders of both permanent and temporary ice rinks, we understand what truly matters. From durable, quality skates and spare parts to merchandise, we have everything you need to keep your rink running smoothly. More than a supplier, we are your trusted partner, committed to advise and support you with a full-service solution.

WHY SHOULD YOU CHOOSE NIJDAM'S RENTAL RANGE?

The current rental range is more durable and inclusive than ever and fit for many seasons of use! And if ice skate parts wear out or break, we have replacement parts available all year round. Additionally, our products are incredibly user-friendly, offering simple and clever features such as clear size and left/right indicators on our skates. And as one of our core values states: keep them safe. We can provide you with protective gear like skate helmets or protection sets, which of course meet the current safety standards.

OUR CORE VALUES.

INSPIRED BY SKATING

For over 120 years, we have been part of a culture larger than ourselves: the world of skating. It's a culture with its own rituals, symbols, norms and values that is our daily source of inspiration and forms the framework and context for the way in which we work.

ENCOURAGE ADVENTURE

We encourage everyone to step out of their comfort zone, to push boundaries, to try new things, not to be afraid of falling and above all to pursue adventure. At Nijdam, we also challenge ourselves to be fearless, to think further than is expected, and to strive for excellence. This mentality keeps you one step closer to your final goal.

KEEP THEM SAFE

Learning to skate involves trial and error, resulting in unavoidable bumps and bruises. We always make well-considered choices for the best materials to create strong and safe products so that we can guarantee comfort and durability and Nijdam users can enjoy years of carefree skating pleasure.

ENJOY THE RIDE

Skating is ultimately all about one thing: having fun - enjoying adventure and the challenges of learning something new. At Nijdam, our goal is to make the skating experience as much fun as possible, leading to big smiles everywhere, every day. Our team spirit can be felt in the workplace and is reflected in our products and services which reach our users filled with the same passion and joy.
