LET'S CREATE STORIES

We provide all the right gear you need to create stories; stories that are inspired by your own adventures. It is our belief that even the “littlest” adventures lead to the most memorable stories and experiencing them together is what matters the most.

Whether you're active in the outdoors with your family or living the camping life in your own backyard. It doesn't matter if you're near or far, whether it's day or night. We are there for you with our sleep & relax, sit & enjoy and move & carry ranges.

Thanks to the great design and durable quality, all Abbey Camp products will last for ages. Our goal is to enable everyone to create their most memorable adventures. Therefore, we have chosen the best materials for our products and offer them at a fair price point.

WE CARE FOR THE PLANET

REDUCE, RE-USE, RECYCLE

All our products are made to last a long time. Durability is key to our sustainability efforts as a longer lifetime reduces the need for new products. During the design process and production of our products we aim to reduce the use of (plastic) packaging and use as much recycled materials for our products as possible. For example, our items like the Eco Sleeping bag Copenhagen (21NH) and the Toiletry Bag Beijing-350 (21ZG) are made of recycled materials and all our Abbey Camp Sleeping bags and Picnic plaids have a recycled polyester filling.

EXCELLENT WORKING CONDITIONS

Schreuders Sport is a member of the Foreign Trade Association (FTA) and Business Social Compliance Initiative (BSCI). Affiliated organisations place high priority on ensuring responsible working conditions. In addition to Schreuders Sport's own efforts, the FTA and BSCI ensure for the continuous improvement of working conditions with their independent inspections, training programmes and informational services.

PRODUCT & ENVIRONMENT SAFETY

Safe, high-quality products have been the driving force of our company for a hundred years. We only sell products that have been extensively tested according to strict standards and guidelines. Reliable testing bodies such as Intertek, SGS and TUV inspect our products for aspects including sharp edges, parts that can be swallowed or harmful substances.

 **SLEEP & RELAX**

SLEEP & RELAX

Nothing beats the outdoors! Our functional gear has been developed in such a manner that you can comfortably sleep & relax in the outdoors, so you are able to boost your energy during the night. Discover our comfortable sleeping bags, handy camping cots, indispensable mosquito nets and functional pillows.
